MICHAEL BEATTIE APPOINTED SENIOR VICE PRESIDENT INFORMATION TECHNOLOGY OF SECURITAS ELECTRONIC SECURITY, INC.

UNIONTOWN, OHIO - Securitas Electronic Security, Inc. (SES) announced today that Michael Beattie has been appointed Senior Vice President Information Technology. As SVP IT, Beattie is responsible for Securitas Electronic Security's enterprise information technology long-term strategy and the applications and technology support for all business operations. He is also responsible for all technology services, operations and applications for SES employees.

Prior to Securitas, Beattie served as Global Chief Information Officer for Knoll, Inc. Beattie joined Knoll in 2014 where he was responsible for leading the technology strategy and overall IT operations across Knoll's worldwide operations. He has 20+ years of experience leading IT organizations for companies ranging from startups to multi-billion dollar corporations. Prior to Knoll, Beattie led IT/technology organizations at Aramark Services, where he held the role of Chief Information Officer and Vice President of Application Development. Prior to Aramark Services, Mike held the role of Business Unit CIO at Intel.

Beattie holds a Bachelor's degree in Mathematics & Computer Science from the United States Naval Academy and a Master of Business Administration from the University of Phoenix.

"Mike has the expertise, vision and proven leadership to lead our IT and technology team," said Tony Byerly, president, Securitas Electronic Security. "His tremendous experience will be beneficial to SES as he'll be able to bring a broad perspective and new insight as we continue to enhance our technology platform internally and technology solutions externally to our customers."

"I am excited to join the SES team and I strive to be a trusted technology partner as we build upon the success SES has enjoyed in the security industry," said Beattie.
